

REQUEST FOR DONATIONS FOR THE CHAPTER 116 SCHOLARSHIP PROGRAM

During the last five years Air Force Association's Claude Farinha Gold Rush Chapter 116 has awarded over \$100,000 in scholarships to outstanding Sacramento area High School and College students. These scholarships are awarded to students whose interest and studies emphasize science, technology, engineering and mathematics (STEM) because these studies are most needed and critical for our nation. Many other countries, such as China, India and Japan exceeded the United States in educating students in these areas.

I invite you to join the California Air Force Association "Education Foundation for Aerospace (EFA)" and our AFA Chapter 116 members and Community Partners in providing funds for these scholarships. Students who have received scholarships from our program are attending many of the best technical schools in the country such as MIT, Harvard, and California Universities. If each member of AFA Chapter 116 contributed an average of just \$10, an additional \$13,000 in scholarships could be provided to well deserving students.

One hundred percent (100%) of all donated funds go directly to scholarships. If you wish to contribute, your tax deductible contribution can be made to the Education Foundation for Aerospace (EFA), our 501c (3) non-profit organization. Make your check payable to "EFA" and mark Chapter 116 in the memo.

Mail your contribution to: AFA Chapter 116, P.O. Box 2326, Citrus Heights, CA 95610

We appreciate you making a contribution to this most worthwhile program. You may obtain more information on the scholarship program, and other Chapter 116 activities by browsing this website.

Lee Greer
President, AFA Chapter 116
